Please be informed that during the meeting of the Board of Directors ("Board") of **Millennium Global Holdings, Inc.** (the "Company") held today, the Board approved the following:

1. Investment in and/or acquisition of various businesses and operating companies, including 51% controlling interest in Millennium Ocean Star Corporation ("MOSC"), with grant of authority to the Company's Chairman and President, Yang Chi Jen, to negotiate,

sign and execute agreements for and on behalf of the Company. A comprehensive disclosure will be made at the appropriate time when definitive agreements are reached.

To facilitate the investments or acquisitions, the transactions contemplated may involve one or a combination of any of the following fund-raising activities: the issuance of primary shares, sale of secondary shares, debt financing or other means as the Board may see fit.

The foregoing is aimed to materially widen the investment portfolio of the Company as a general holding company, leading to significant opportunities for business growth and enhancing shareholder value.

The Board will present the above matter during the annual stockholders' meeting on December 20, 2013 and seek the approval of the stockholders for the delegation of authority to the Board to approve the investment transactions and acquisitions and determine the terms and conditions thereof, and to approve and determine the manner of raising funds to finance the investments and acquisitions.

Below is a brief corporate profile of MOSC:

MOSC is primarily engaged in the processing of high quality seafood and aquaculture products for export and trading of imported marine and other related products. Its key business activity is the processing and export of several quality and high valued seafood products.

With MOSC's processing plants and buying stations strategically located all over the country, it has a strong market foothold in Japan, Taiwan, Hong Kong, Vietnam, Malaysia, Singapore, United States of America, Canada, etc.

This 2013, MOSC saw an opportunity to snatch a bigger share of the Japanese market -- one particular Japanese client's purchase quota for the Philippines called for a significant supply of Black Tiger Shrimps, Kisu (asohos) fillet, frozen lobsters, etc. MOSC also imports salmon, mackerel scad, scallops, shrimps, etc. for the local market, supplying supermarkets, groceries, food processors, hotels, and restaurants nationwide.

MOSC estimates to generate sales between 15 to 20 Billion Pesos within the next 5 years. It is majority-owned by the Company's Chairman and President, Yang Chi Jen, who inhibited himself from voting.

2. Resignation of Ms. Clemencia R. Cortezano as independent director and Mr. Ombre S. Hamsirani as regular director.

Ms. Cortezano tendered her resignation as independent director of the Company to avoid future conflict of interest due to her current affiliation as consultant for MOSC.

Mr. Hamsirani manifested his intention to pursue other professional plans and endeavors.

3. Appointment of Ms. Clemencia R. Cortezano as regular director, to serve the unexpired term of Mr. Ombre S. Hamsirani.
